INTRODUCTION | ZDF

Z.D.F has over 25 years of experience in development, manufacture, sales and marketing of plastic products.

The company's skilled, market-oriented human resources are able to convert a concept into a useful and well-designed consumer product. Z.D.F complies with top-quality industry standards to supply customers with reliable and durable products for years of use.

ZDF plastic solution
Division of hi-quality gardening products

FLOWER POTS

TERRACOTTA /// FLOWER POTS

Terracotta planters are traditional outdoor poly planters with a sculpted design, differentiating them from other poly planters. Available in wide range of shapes, sizes and three colors. **UV protected.**
